Re: Connections Program School Supplies

Dear Parents:

Due to the nature of the programming in the Connections classrooms, we would like to offer you the service of purchasing your child's supplies as needed throughout the year. The cost for supplies for the 2023-24 school year will be **\$40.00**.

Please note that the school purchasing school supplies is optional and can be paid in the Parent Portal when school fees go out in September.

Sincerely,

Your Connections Team
